

Palm Oil Procurement Policy

The Toyo Suisan Group is sincerely concerned about the impact of the palm oil industry on the environment and human rights. We are addressing these concerns by implementing the palm oil procurement policy outlined below.

The Toyo Suisan Group shall comply with the laws and regulations of each country and will strive to protect rainforests and high-carbon storage areas, respect human rights, and establish material traceability. Additionally, the Toyo Suisan Group joined the Roundtable on Responsible Palm Oil (RSPO) in 2019. We are currently procuring palm oil based on the RSPO principles & criteria and will continue to work with the RSPO and our palm oil suppliers to achieve complete transition to sustainable palm oil by the end of March 2031.
